

## Advance Reviews

*From Birth to Rebirth is an exciting spiritual autobiography of an obstetrician and his encounters with birth, death, and rebirth. Reading it is a fascinating way of getting acquainted with the mysteries of reincarnation and the afterlife.*

— Raymond A. Moody, Jr., M.D., Ph.D.

Author, *Life after Life*, and *The Light Beyond*

*I highly commend Dr. Charles V. Tramont's unique courage and foresight, as well as his hard pioneering work in exploring reincarnation and its healing power, that he documented in From Birth to Rebirth.... His book takes us out of the medical box and transports us far away, into a wondrous universe of real health and self awareness, toward what all beings are intent to be—their true selves, the prerequisite for total fulfillment...*

— Adrian Finkelstein, M.D.

Author, *Your Past Lives and the Healing Process*

*Past life therapy is undoubtedly the most effective approach to help patients recover from the unfinished emotional wounds of this life. The remarkable stories that come from Chuck's patients help us sense the powerful methods so well described. The time has come for this technique to be sought by both patients and physicians.*

— C. Norman Shealy, M.D., Ph.D.

Author, *Illustrated Encyclopedia of Healing Remedies*

*Enjoy this narrative depicting the rollercoaster life of a successful obstetrician, who transitioned from saving infants' lives in the delivery room to discovering past lives through hypnotic regression. Dr. Tramont meticulously chronicles past-life memories of his subjects—many of which were historically validated—and describes how healing occurs through hypnosis and past-life regression therapy. Dr. Tramont approaches life and reincarnation with a heart of a lion and with his book, delivers a new understanding of the human soul.*
